VOLUME CVIII.--NO. 250. ALEXANDRIA, VA., MONDAY EVENING, OCTOBER 21, 1907. PRICE 2 CENTS.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason *why* it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus and other displacements, caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

A Reliable Remedy FOR CATARRH

It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves — re-establish them as needed, with

WILLIAM J. BRYAN.

That William Jennings Bryan will, some time in November, issue a letter declaring that if it is the wish of the democratic national convention that he should make the race for President he will accept the post of standard bearer, was the information which reached St. Louis Saturday night said to be from an authoritative source.

Mr. Bryan will be tendered a reception in New York tonight, when, it is said, he will insist upon absolute prohibition of Asiatic emigration.

He is also expected to criticize severely the present United States occupation of Cuba. He will demand that the administration declare immediately for the independence of the Philippines, subject only to the retention of coaling stations and the "sacred land wherein our hallowed dead killed by foreign bullets in actual warfare now repose," these cemeteries to be kept by the new nation as a lasting memorial to Americans.

Mr. Bryan will speak in advocacy of the anti-pass and anti-rebate laws, and will suggest that the time has come for a statute making it illegal for any corporation to contribute to campaign funds. It is asserted he wants a federal law applicable to States, requiring the national committee of each party to print, prior to election day, a complete list of all moneys received by it within the State boundaries.

He will advocate the popular election of United States Senators, federal remedies of violation of interstate commerce regulations, in addition to State remedies, and a more comprehensive anti-trust law.

Mr. Bryan will, on this trip, but possibly not in New York, make a positive declaration for a constitutional amendment authorizing Congress to levy an income tax and a distinct national inheritance tax. Before he returns to Nebraska Bryan is to set forth his views on railway supervision.

He wants the nation and the various States to ascertain the present value of railroads through measurement by experts of the cost of reproduction, then he would widen both State and interstate commission's powers, so that railway regulation shall be a modern protection to passengers and shippers, and not a theoretical suggestion for political purposes only.

Following his already announced plan, Bryan will also advocate State and national boards of arbitration, an eight-hour day and an anti-injunction policy of legislation.

The announcement was made in New York last night that Mr. Bryan would speak in Clinton Hall this afternoon in aid of the striking telegraphers.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotton rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Gibson & Timberman and W. F. Creighton & Co.

FANATICAL NEGROES.

Fanatical excitement of negroes calling themselves the "Council of God" appears to have been the cause of the riot in New Orleans Saturday night in which one policeman was killed, several others wounded and a number of negroes badly injured. The isolated house in which half a dozen negroes barricaded themselves, and which was fired upon by policemen and citizens, proved to have been a meeting place of the sect. Saturday night's trouble started during a meeting, when excited negroes drew razors on Policeman Cambias because he attempted to enter the house to investigate reports of a disturbance caused by boys throwing stones through the windows. Razors were drawn across his face and neck, mortally wounding him. Many at the meeting then fled.

Patrolman Cambias was killed by a knife thrust, and his body lay for a considerable time in front of the barricaded house, no one daring to move it.

About half an hour after his death a small detail of police made a rush upon the house, more than half of them falling to the pavement, shot by the negroes behind the windows. The police were driven to shelter, carrying the wounded men with them.

After finding that threats and shooting were of no avail, the police set fire to a fence behind the house. The smoke drove the negroes from cover. They broke for safety singly, the first one out falling mortally wounded. The police seeing that the fight was over rushed in and searched the house. Six arrests were made. Some of the others arrested appeared to be badly injured.

As soon as the negroes had submitted the police were forced to turn on a mob of about 1,000 and fight with all their energy against threatened lynchings.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50c.

To contradict certain talk and to put the consuming public in possession of the truth, we say in plain words that no one in this town can sell as good coffee as Arbuckles' Ariosa for as little money.

Misbranded and make-believe Mocha and Java, or coffee sold loose out of a bag or a bin, is not as good value for the money, nor can it be sold at as narrow profit, nor reach the consumer under as favorable conditions.

When you buy Arbuckles' Ariosa Coffee you get more than 16 net ozs. of straight, wholesome Brazilian coffee from the largest coffee firm in the world, with that firm's direct assurance that they are giving you the best coffee in the world for the money.

MONDAY EVENING, OCT. 21, 1907.

SOCIALISM is menacing English institutions. The Social Democratic Federation of that country has issued a pamphlet setting forth the demands of the organization, among which are the following: Abolition of the monarchy, repudiation of the national debt, abolition of all indirect taxation, institution of a cumulative tax on all incomes and inheritances exceeding $1,500, free maintenance for all attending State schools, public ownership of food and coal supply, nationalization of the trusts, establishment of State pawnshops, establishment of State restaurants, public ownership of the drink traffic, free State insurance against sickness and accident, abolition of standing armies, abolition of courts-martial. In the new pamphlet the socialists admit that they are proclaiming and preaching class war, and urge it to the utmost. They appeal to workingmen to carry on the war "by making themselves masters of their own country and of all its resources, political and material." Dealing with the army they allege that standing armies are simply instruments of oppression and aggression in the hands of the dominant class. They hope to raise the obligatory school attendance age to 16, and up to this age the children are to be maintained—fed, housed and clothed—by the State. Any parent who cares to do so may throw off all duties he owes to his children, leaving their welfare entirely to the State. The Social Democratic Federation is not the only body at work. The Fabian Society, with its legion of speakers and workers, is urging forward the cause of socialism to the utmost, and there are few towns in which it has failed to get a foothold. That socialism is steadily growing in all countries must be apparent. Should the party once get into power the planks of their platform named above will be liable to bring on revolution or anarchy.

IN DAYS gone by an able man, even if he were poor, could go to the United States Senate, or at least be a candidate for the position. But times have changed and under the new fangled primary plan only the rich can afford such luxuries. In the last senatorial campaign in Virginia one, at least, of the candidates was almost bankrupted and now in Maryland each of the five candidates has been required to "ante up" nearly $3,000 just to get into the game. And this is but a marker to the expense that is to follow.

SECRETARY TAFT, at a dinner given in his honor in Manila Saturday night, made a significant statement. He was referring to the fact that he had already visited the Philippine Islands three times and in saying that he intended to come again he used this phraseology: "I hope in another two years to visit Manila again, but then I probably will come as a private citizen." Does this mean that Secretary Taft intends to step aside for his chief, who may be persuaded to try a third term?

COMPARING present prices with the highest figures of last year, it is calculated that the stocks of fifteen industrial corporations have shrunk $432,000,000. If this had occurred under a democratic President or after the election of a "free trade" Congress, would, asks the Philadelphia Record, our republican contemporaries have had any doubt about the political character of the decline? And the present is the third or fourth slump in this year.

LIEUT. ROSSEAU, the naval member of the Isthmian Canal Commission, favors increasing the width of the Panama canal locks so that the greatest battleships may be accomodated. Of course this will be followed by an increase in the depth of the canal and its cost, which Mr. John Barrett said in his address in this city last Wednesday night would be five hundred millions, will eventually run up to a billion dollars.

THE telegraphers' strike, begun in haste, is now ending in recriminations and discord. The strike is a two-edged weapon which no organization should unsheathe lightly and thoughtlessly. Unless public opinion sustains it such a move is always little less than suicidal—and many telegraphers admit themselves that the last strike was wrong.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 21.

The federal government took another sensational and advanced step today in its warfare against trusts. It has seized trust goods passing in interstate traffic. Acting under orders from the attorney general a $7,000 shipment of leaf tobacco, consigned from Durham, N. C., to the British-American Tobacco Company of Great Britain, has been attached at Norfolk. The action has been taken by invoking section six of the Sherman anti-trust law, which authorizes the seizure and condemnation by the government of property of any trust, while in interstate or foreign commerce. This is the first time the section has ever been enforced. Although the tobacco trust is involved in this particular instance, it is understood that similar action may be taken against the products of other trusts against which suit for dissolution is pending. The British-American Tobacco Company is declared to be the foreign branch of the tobacco trust, and the government charges that one-third of its $30,000,000 capital is held by the Imperial Tobacco Company, and the balance by the American Tobacco Company. The government further charges that the British American Company has been created as an instrumentality and for the especial purpose of defeating and violating the laws of the United States and that while its principal office is in London, the chairman of the board of managers is an officer of the American Tobacco Company, against which suit for the dissolution is already pending.

The biennial meeting of the Supreme Council of Scottish Rite Masons began its sessions here this morning in the Temple, Third and E streets northwest. The order, which extends throughout the world, comprises about 30,000 members. James D. Richardson, of Tennessee, is the head of the council. Mr. Richardson is the most distinguished Freemason living, for the reason that the supreme council for the southern jurisdiction is the mother supreme council of the world. Although the council ordinarily consists of thirty-three members, there are now eleven vacancies. Some of these will be filled at this session. In his allocution to the council the Soverign Grand Commander reported on the recommendations of the international conclave of supreme councils at Brussels last summer in regard to the legitimate of certain alleged Scottish Rite bodies. During the week the candidates who have been elected to the thirty-third degree will have that honor conferred upon them.

A writ of certiorari was granted by the U. S. Supreme Court today to the Weems Steamboat Company for a review of its suit in the United States Courts of Virginia to prevent the Peoples Steamboat Company from using the Weems piers along the Rappahannock river. The lower court has decided that the Weems Company cannot monopolize the wharves.

The U. S. Supreme Court today granted a writ of certiorari in the cases of the packing houses, fined $15,000 for alleged acceptance of concessions from the Burlington Railroad in shipment of meat for export. The Department of Justice made a hard fight to induce the court not to grant the writ, which means that its victory, gained in the lower courts, must now be fought over in the Supreme Court.

The fact that the train bearing William Jennings Bryan from the south to New York got stalled over in Virginia, is responsible for the Nebraskan missing connections with a little party of loyal Washington friends who had been waiting for hours at the station here. Tired out, they finally dispersed, and the "Peerless Leader" paraded through the capital early today uncheered. He is scheduled to speak tonight at Cooper Union, New York.

It is reported here that Representative Clayton, of Alabama, will be chairman of the democratic conference of the next House to succeed Representative Henry, of Texas, who it is said does not care to occupy the position longer.

"Cities that think they would like to entertain the next republican national convention will have to show the color of their money. If they haven't a certified check of substantial proportions they need not come around." Thus declares Col Harry C. New, of Indianapolis, chairman of the national committee, who today issued a call for the committee to meet in Washington December 6 and 7 to decide upon the time and place of holding the convention. New recollects that in 1900 Philadelphia promised to supply $100,000 for the convention's expenses, but made good only to the extent of $67,000. The question of expenses out of the way, the committee will likely select the city that can provide the most commodious auditorium, and the best wire facilities for spreading the news of the convention throughout the country. According to Col New, no attention will be paid to political considerations in the selection of the place.

BISHOP POTTER AND HIS GUEST.

The dinner given in Richmond Friday evening by Bishop and Mrs. Potter, of New York, at which Bishop Ferguson, of Africa, was entertained, has occasioned considerable comment.

Bishop Potter, in an interview Saturday regarding his entertainment of Bishop Ferguson, said:

"There is nothing strange in that. I'll wager two shillings the Bishop of Louisiana would have accepted an invitation to meet Bishop Ferguson if I had extended it to him," he added, turning to the Louisianian, "wouldn't you, Bishop?"

The Bishop of Louisiana replied in the affirmative, and Bishop Potter, turning to the reporter, said: "I knew it."

The Bishop of Louisiana, when approached on the subject, said he had answered in a prelunctory and preoccupied sort of way. "I am a southern man" he continued, "and the influences there are far different from those in the north."

He seemed much aggrieved that his name should have been brought into the matter, and expressed appreciation of the opportunity to explain his position. He said he did not know that he was talking before a reporter.

The concensus of opinion is that Bishop Potter violated all the laws of hospitality in inviting into his home and entertaining at dinner in a southern city a member of the negro race, even though that man is a bishop in the Episcopal Church and entitled to all the respect which his high office carries with it.

Captain Chanler, of the U. S. Signal Corps, piloted the United States army balloon America from St. Louis to Walton, W. Va., a distance of 475 miles, winning the Lahm cup and breaking the distance traveled by a balloon.

He returned to that city yesterday morning from Moscow, where, as a newspaper man, he interviewed Gertchkopf and Tichomorcff. All his papers were confiscated. That he lunched with a number of Finns, who have also been imprisoned, is the only known ground for his arrest. His wife and sister were also arrested. The police have been instructed to look also for James M. James, a New York newspaper man, who has been in St. Petersburg for a New York weekly and several socialist papers.

Suspicious circumstances connected with the cremation of Capt. C. W. Taylor, an old union soldier, in his store near Proffit, Albemarle county, last Monday night, point to a brutal murder. It is expected that at the inquest evidence will be forthcoming that the dead man had a violent quarrel and fight with a negro on the evening preceding his death, and that threats were made to even things with him in the near future. There are whispers of another motive for the crime, if crime it was. It is said there is a woman in the case.

EPISCOPAL CONVENTION ENDED

The General Convention of the Episcopal Church of the United States, which had been in session in Richmond for several weeks, came to an end Saturday afternoon with a joint session of the House of Bishops and House of Deputies in Holy Trinity Church, when Bishop Tuttle, of Missouri, the presiding bishop, delivered a farewell pastoral address. The first portion of the services was conducted by the Bishop of Dallas. The pastoral address was delivered by Bishop Tuttle, the convention coming to a formal close with the benediction by the aged dignitary.

The last day of the convention was marked by the consideration in rapid succession of matters of much importance to the church, which matters had been necessarily deferred.

Among the more important matters which came up for consideration during the closing of the hours was the concurrence by the House of Deputies in the action of the House of Bishops in adopting a canon creating the open pulpit and allowing the use of the church by Christian people not members of it. This question came to the attention of the deputies in the form of a message from the House of Bishops, which message proposed the concurrence of the deputies in the following canon, which was adopted:

"No minister in charge of any congregation of this church, no church wardens, vestrymen or trustees of the congregation shall permit any person to officiate therein without sufficient evidence of his being duly licensed or ordained to minister in this church, provided that nothing herein shall be so construed as to forbid communicants of the church to act as lay readers or to prevent the bishop of any diocese or missionary district from giving permission to christian men not members of this church from making addresses in churches on special occasions."

Immediately following the conclusion of the reading of the canon Rev. Dr. Hodges, of Maryland, delivered an address in which he bitterly opposed the open pulpit. He took occasion to direct several sarcastic remarks at Dr. Huntington, who quickly stated that he was not responsible for the open pulpit resolution. Dr. Hodges thereupon withdrew his remarks relative to Dr. Huntington.

A statement, credited to Deputy Stetson, of New York, that the House of Bishops had voted unanimously on the proposed canon, was denied.

Considerable feeling was manifested during the discussion. The vote was finally taken, with the result that the canon was adopted.

Several messages from the House of Bishops, advising the House of Deputies of their concurrence in various changes in the canons of the church, were received. Notification was also received that the upper house had adopted a resolution to the effect that the committee appointed for the purpose of investigating the advisability of creating an office for the unction of the sick be continued and that the committee be instructed to report at the next general convention. The resolution was concurred in.

A resolution, adopted by the House of Bishops, providing that the constitution be changed in relation to the title pages of prayer-books translated into foreign languages, leaving such changes to the discretion of the bishops residing in the districts for which the translation is made, was likewise concurred in.

It was decided that at the end of the term of the presiding bishop, the new officer should be elected by a vote of the House of Bishops, subject to the concurrence of the House of Deputies, and that his term of office should be six years, unless he should reach the age of 70 years before his term expires, or unless for other good reasons he should be unable to serve.

A message from the upper house was received, in which that body notified the lower house of its adverse action on the proposed change of the constitution relative to the adoption of a standard Bible. Upon motion of Rev. Mr. Simonson, of Central Pennsylvania, the house asked for a committee of conference in relation to this question. The conferees on the part of the House were named by the chair as follows: Rev. Mr. Simonson, Rev. Dr. Huntington and Mr. Chase, of Missouri. A recess of 30 minutes was taken, in order to allow the committee time in which to confer and formulate a report.

At the resumption of business the conferees reported that the committee had been unable to agree in the matter of the adoption of the King James version of the Bible as the standard of the church, and asked that they be dismissed from further consideration of the subject. This was accordingly done, owing to the fact that the life of the convention was then too short to allow of the matter being further discussed either in convention or in committee.

It being evident that considerable time must elapse before the final message from the House of Bishops could be received, a most fitting tribute to the memory of the South's great chieftain, Gen. Robert E. Lee, was offered. Rev. Dr. Huntington suggested that the time be spent in singing the favorite hymn of General Lee.

The suggestion was adopted without a dissenting voice, and the entire assemblage of distinguished clergy and laymen, rising, filled the church in which General Lee and his family had so often worshiped with glorious music. At the conclusion of the singing Dr. McKim offered prayer.

The message from the House of Bishops, stating that the work of that body had been completed, and asking that both houses adjourn, to meet in Holy Trinity Church for joint session and final adjournment, was received. The House of Deputies adjourned as per the message from the upper house, and except for the final meeting in Holy Trinity Church in the afternoon, the convention of Richmond had become a part of Episcopalian history.

The resolution proposed by Dr. Huntington, of New York, for eliminating the thirty-nine articles of religion from the prayer book, on the ground that they are antiquated, goes over to the next general convention, which is to be held in Cincinnati, in 1910. The matter was brought up at last night's session and it was finally left in the hands of a joint committee, which will report at the next convention.

Samuel R Boxton, former mayor of Newport News, has made a formal announcement of his candidacy for Congress from the First District.

Today's Telegraphic News.

The New York Banks

New York, Oct. 21.—New York financiers are hopeful that yesterday's action by the clearing house committee may prevent serious trouble among local banks and on the stock market. The general impression is that the committee's announcement that the institutions suspected of impairment through their official's connection with the recent market slump, coupled with the clearing house pledge of support in the event of heavy withdrawals of deposits will relieve the tension. It is admitted that the situation would be grave had things gone on much longer as they have been going for some time past.

Sunday was almost as busy as week days in Wall street. The clearing house committee did not report until late and the financiers did not know what Monday would bring forth. Accounts were fully overhauled, eventualities considered and every preparation made to be ready for any situation which might develop.

When the report finally came the worried Wall street men breathed a sigh of relief. Here is what the committee announced:

"A committee of the clearing house have examined the several banks of the associations that have been under criticism and fined them solvent, the clearing house committee have decided to render them such assistance to meet their deposits as the committee may think necessary."

While no definite announcement was made concerning the extent to which the institutions in question will be backed, it is understood that $10,000,000 to $12,000,000 will be advanced if necessary.

The committee's report referred specifically to the National Bank of North America and the New Amsterdam Bank, but financial experts agreed that the steps taken will have a good effect not confined to the institutions mentioned.

State Superintendent of Banks Mott who came down from Albany to keep an eye on the State institutions in the city, is still here. The State examiners were busy all of Sunday and held frequent conferences with members of the clearing house committee.

O. F. Thomas of the Consolidated National Bank has sold his stock to W. O. Allison and T. J. Lewis, already large shareholders. Allison will succeed Thomas as president.

No demonstrations were made at any of the banks involved in the Heinz copper slump when the business day opened.

Otto Heinze and Company issued the following signed letter today:

"We regret to say that we find our affairs so much more complicated than we had at first anticipated that we have been unable with the greatest effort to get them into shape to present them at the meeting called for today and we are therefore obliged to ask you to meet us at a day later in the week, of which you will be duly notified."

With the resignation of four bank presidents and the pledge of support from the clearing house for the institutions, fear of a panic was dispelled today and at the opening of the exchange a display of confidence was made.

The following changes in the heads of banks were officially announced: Seth W. Milliken succeeds F. Augustus Heinze as President of the Mercantile National Bank; W. F. Havemeyer succeeds Alfred H. Curtis as President of the National Bank of North America; W. R. Montgomery succeeds Edward R. Thomas as President of the Hamilton Bank; W. C. Allison succeeds C. F. Thomas as President of the Consolidated National Bank.

Standard Oil's Defense.

New York, Oct. 21.—An outlined of the defense to be made by the Standard Oil Company in the government suit to dissolve the hundred million-dollars corporation, the first authentic statement, was given to the United Press today by one of the chief lawyers representing the Rockefeller interests. In the first place the government will be asked this brand new riddle: "What is a monopoly?" Then quickly will follow a demand to know "whether it is possible to combine things that already are parts of the same whole."

The company will ask, what is a monopoly?" "Is it 95 per cent., is it 90 per cent. or 70 per cent that constitutes a monopoly? 'They charge us with being a monopoly, but we can't find out what that is. How can they prove we are something that never has been defined?" The company says their dictionary says; "A monopoly is the exclusive right, power or privilege of engaging in a particular traffic or business or the resulting absolute possession or control." The other part of the defense is based upon the assertion that the Standard Oil combination was formed eight years before the Sherman anti-trust law went into force in 1890. The law is not retroactive The Standard says it did not pretend to effect combinations made previous to its enactment.

Standard Oil makes this explanation: "When the various oil companies were combined under trust agreement of 1892, the laws of the land permitted it. The business was centralized. When the Sherman law was enacted the Standard Oil business was a single concern and is yet. It has combined with nothing except itself." In the reorganization of 1899 when the capital stock of the Standard Oil Company of New Jersey was raised from $10,000,000 to $100,000,000, and it took over the stock of twenty subsidiary companies, it will be contended there was no combination.

The charge is that the Standard is a "combination in restraint of trade." "How could there be any restraint of trade in such a combination of companies between which no competition existed?"

The Standard Oil will ask this question: "Standard capital and Standard energy has established many new business and created much new traffic. Can you absorb a thing that has been created with you and your labor?"

Out of Sight.

"Out of sight, out of mind," in an old saying which applies with special force to a sore, burn or wound that's been treated with Buckle's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, too, and old chilblain disappear under its healing influence. Guaranteed by druggists. 25c.

Fight with a Negro Burglar.

Nashville, Tenn., Oct 21.—A giant negro burglar gave his life today in an attempt to murder Charles and E J. Schotts in a battle in the latter's bed chamber by the half-light of the early dawn. Before he fell, pierced by three heavy slugs from a winchester, the thief had so hacked and mangled the Schotts that both may die.

The Schotts are brothers—E. J. a prosperous druggist; Charles a lodger in his house. The former was awakened by the creaking of his window as the negro crawled through it, and sprang for his rifle. The robber leaped to reach it first, the two men grappled and the negro knocked his antagonist to the floor with a blow from a hatchet.

Instead of finishing his work instantly he caught up the rifle, jammed the lock in his excitement and was beaten down from behind by the druggist's brother, Charles, who had rushed to the rescue.

The negro recovered himself in a moment, and was making short work of his second foe when the druggist, streaming with blood, regained his feet, succeeded in bringing the rifle into action and shot the black in the forehead. The negro reeled, but the bullet glanced on his thick skull and he fought on half-consciously.

Schott fired a second time and pierced his shoulder. Even then the maddened African, dodging past the rifle muzzle, was wresting the weapon from the druggist's hands when the brother, by this time also staggering from his wounds, leaped on him from behind and brought him down with a crashing blow on the head from a heavy chair. The druggist sent a ball through his heart before he could regain his feet.

E. J. Schott is suffering from a frightful wound on the head from the hatchet. Charles was gashed in a half dozen places.

Minister Exonerated.

Quincy, Mass., Oct. 21.—Bethany Congregational Church has forgiven its pastor, Rev. Edwin H. Hardy, who was arrested while visiting a questionable resort in Cleveland last week. Following an explanation made by the minister from the pulpit yesterday, declaring he had gone to the house, ignorant of its character, in the interest of the society, he was given a rising vote of confidence by the congregation which filled the church to hear his explanation. Dr. Hardy blames the keen political campaign being waged in Cleveland for his arrest. The police have been stirred to great activity and are keeping a watch on houses of the character he visited. With shaking voice and tearful eyes, Dr. Hardy prefaced his sermon with this statement:

"My dear people, it is due that you should receive from my lips the simple truth concerning an unfortunate occurrence associated with my visit to Cleveland. Leaving the council after 10 o'clock, Cleveland time, and while going to my hotel, I was accosted by a woman in apparent distress who claimed to be destitute and in need of assistance. It is my custom not to give charity except upon investigation. Her home being nearby I went there to see the conditions and assure myself of her necessities. Almost immediately I saw what the place was, and within three minutes sought to leave. The door was locked and a man in citizen's clothes, who stated he was an officer, arrested me. My presence in that place of whose character I was ignorant, for the present motive of charity was, as I learned in court, a violation of a city ordinance for which I could be and was fined."

Petition in Bankruptcy.

New York, Oct. 21.—A petition in involuntary bankruptcy was filed today against O to C. and Arthur P. Heinze and Max A. Schultze, partners in the firm of Otto Heinze & Co., by Myers and Goldsmith, as attorneys for W. H. Robetham, Leo Wise and Frank A. Barnabee, assignees, respectively, for the firms of Gross and Kleeberg, E V. Bookawa and Hersfield and Stern. The claims aggregate about $325,000. It is charged that Heinze & Co. preferred payments, amounting to about $2,100,000, to the Mercantile National Bank, the National Bank of North America, the National Park Bank, the Empire Trust Company, and others. It is asserted that payments were also made to F. Augustus and F. P. Heinze, so as to prefer them as well as creditors. The argument for the appointment of a receivers will come before Judge Holt later in the afternoon.

Judge Holt heard arguments on the application for a receiver for Heinze & Co., and deferred decision until Wednesday. The court issued an injunction restraining Heinze & Co., or any members of the firm from interfering in the meantime with its affairs or disposing of its assets.

Will Resist Efforts of Paulist Fathers.

Chicago, Oct. 21.—Former Assistant States Attorney Robert Holt is preparing to resist the efforts of the Paulist Fathers, through Father Peter J. O'Callaghan, to free Herman Billek, sentenced to hang for the poisoning of five members of the Vraal family. Father O'Callaghan yesterday became the open champion of Billek's cause in the pulpit of St. Mary's Catholic Church. He appealed to the people of Chicago not to take the blood of an innocent man, claiming he was morally certain of the innocence of Billek. "Father O'Callaghan says he is morally certain of Billek's innocence," said Mr. Holt today, "but I am legally certain of his guilt. Billek was fairly tried and proved a murderer. He will pay the penalty for his crimes. All the money in the world will not save him from the gallows."

Fired at Aching Teeth.

Pittsburg, Pa., Oct. 21.—Frank Seymosal, of Carnegie, couldn't stand pain of two aching teeth, and to get rid of them placed the muzzle of a 38-calibre revolver in the left side of his mouth, looked in a hand mirror, aimed at the pair of troublesome molers and fired. Frank is now in the Mercy Hospital with a bullet below his left eye, and wonders why the medical students laugh when his case is explained to them at the clinics. Seymosal will not die. An effort will be made to perform an operation today to remove the lead. Seymosal only shot off the crowns and the aching department is still working. Seymosal's face has swelled until it resembles a small pumpkin. He has already asked if he can't find a dentist.

Preparing to Receive the President.

Nashville, Tenn., Oct. 21.—Thousands of farmers are arriving here today and the city is decorated with bunting in preparation for the visit of President Roosevelt, who is expected here at 9 o'clock tomorrow evening. He will make an address at the "Hermitage," the home of Andrew Jackson, and the Old Soldiers Home. He probably will not be here more than three or four hours.

New York Stock Market.

New York Oct, 21.—London was an important factor in the early trading today. Arbitrage brokers buying for London and the continent in the first hour over fifty thousand shares. There was an urgent covering of shorts and some commission houses buying in addition to the foreign purchasers. As a result the tone during the early trading was strong and prices for nearly all the issues traded in made advances rangiags from fractions to over 3 points. After the general rally, which was based wholly on the news of the drastic steps to strengthen the ranking situation the market raced and the belief prevailed that further liquidation must be sustained by the market before the speculative situation could permanently improve. Trading was feverish and unsettled. Government bonds declined ½ to ¼; railroad and other bonds irregular.

The news that stock exchange clearing house sheets had gone through without trouble caused a fresh demonstration of strength after the first hour. At midday prices were at the highest range of the day for many of the speculative shares.

LETTER TO B BAER, JR
Alexandria, Virginia.

Dear Sir: A certain paint-manufacturer advertised "Waldorf Astoria painted throughout without with my paint" A part of the basement was so painted; not satisfactory; painted Devoe next time.

There's a certain paint, a big concern, very proud and ambitious, that hated to see so big a job of another paint; so it went for that business.

That former paint was about two-thirds not paint, but this proud and ambitious paint was only about one-third not paint. It succeeded in not getting a trial; 25 gallons, 5 kits of 5 gallons each.

When the painter had used one kit, he called the manager; not satisfactory; 4 of the kits remained. A paint one-third not paint, is not to be thought to displace Devoe.

This was several years ago. That proud and ambitious paint is better now; it is nearer honest; it isn't short measure at all and only 15 per cent. adulterated. It's a pretty-good paint now; 13 or 14 gallons of it goes as far as 10 of Devoe.

Judge I D Fairchild owns two houses in Lufkin, Texas. J M Torrence owns two houses, one Devoe, and the other that proud and ambitious adulterated cent paint. It took 15½ gallons Devoe, 5 gallons of the proud and ambitious.

It takes a pretty-good paint to cover Devoe.

Yours truly,
61 F W DEVOE & CO.

CHURCH SERVICES YESTERDAY

The roll call of the membership of the First Baptist Church held yesterday morning was of a most interesting character. The main auditorium was well filled, and a large number of members responded as their names were called. The services opened with singing the doxology, followed by an invocation by the pastor. FOR THE COUNTY

Thornton, presiding.]

The docket was called and cases set.

The grand jury was sworn and retired to their rooms, but when this report closed had presented no indictments.

The court heard arguments for a continuance of the damage suits against the W., A. & F. C. Railway growing out of the Clarendon wreck, and the cases went over till Thursday.

Commonwealth's Attorney Mackey entered a nol pros to the three remaining indictments against Joseph Thomas, alias John Wright, colored, who was twice condemned to death for assault upon Mabel Risley, but whose sentence was recently commuted to life imprisonment by Gov. Swanson. He was also charged with having murdered a negro named Jackson Boney; with attempting to kill Forrest Gooding, near Luna Park, more than a year ago, and with committing an attack upon Annie Green, colored, who was one of the witnesses against him in the case in which he was convicted. Mr. Mackey decided not to press these charges, and the prisoner will be conveyed in a short time to Richmond to begin his life term in the penitentiary.

KICKED BY A HORSE.

Miss Mary Snowden, daughter of Dr. Arthur Snowden, was seriously injured in a runaway accident in Fairfax about 5 o'clock on Saturday evening. Miss Snowden had spent the day with friends in Fairfax and was returning home in a buggy with Mr. Harry Beverly when the horse became frightened and ran off. Mr. Beverly was thrown from the vehicle, but retained his hold on the reins and was dragged a considerable distance, being quite badly bruised. The horse in the meantime began kicking and kicked Miss Snowden in the face, just as she attempted to jump from the buggy, inflicting an ugly and painful wound. A lady and gentleman passing at the time turned their vehicle over to Mr. Beverly who drove quickly back to Fairfax with Miss Snowden, who was placed in care of Dr. Moncure, where she remained till her father, who had been telephoned for, arrived. She was brought to her home in this city that night and is now recovering from her injuries.

EFFECT OF TWO CENT RATE.

Since the two-cent passenger rate went into effect in Virginia the new union depot adjoining this city has been a busy place and the employes have been kept steadily at work. Heretofore the number of passengers who have boarded trains at this point has been limited. Such, however, is not the case now, 447 passengers having taken local trains at at the depot last Saturday evening. Southbound passengers purchase tickets at Baltimore and other points and have their baggage checked to Alexandria, and many reach this city several hours before trains are due and spend their time visiting points of interest here or in making trips to Mount Vernon. The new street car service affords accommodation to such as do not care to remain at the depot until the arrival of their trains.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Brissey, charged with removing a blanket from the Braddock House, was fined $5.

James Lucas, colored, charged with seduction, was dismissed.

Ernest Dixon, colored, charged with disorderly conduct, forfeited his collateral by failing to appear.

Several colored persons, charged with maintaining nuisances on their premises, were dismissed upon promising to abate the same.

ACCIDENT TO ENGINE

Mr. William Jennings Bryan on his way from Atlanta to New York, where he is scheduled to speak tonight in Cooper Union, was detained last night on a siding on the Southern Railway at the Virginia end of the new railway bridge across the Potomac. Mr. Bryan was due in Washington at 8:15 last night, his train having passed the union depot, about 8 o'clock, but the engine which was pulling the train broke down near the approach of the bridge and the train did not enter Washington until an early hour this morning.

Howell and Mrs. Richard Gibson will serve tea at the clubhouse on Friday afternoon from 3 to 5:30 o'clock.

THE WEATHER.

The weather yesterday morning was threatening, but the heavens became partly clear in the afternoon and a mild temperature prevailed, but between four and five o'clock ominous-looking clouds appeared in the northwestern skies and later the wind blew stiff and cold from that quarter, bringing hundreds of persons who were walking on the environs of the city to their homes. Early in the night there were showers of rain. Today the weather has been clear and cool.

HOME ROBBED OF BRONZES.

Mrs. Edward F. Qualtrough, wife of Com. Qualtrough, U. S. N., who lives in Washington, recently was robbed of bronzes valued at about $10,000. A detective in Washington has received information to the effect that the bronzes were shipped to Alexandria immediately after the robbery. He has spent several days in this city, but as yet has failed to learn anything definite concerning the missing articles.

ACCUSED DISMISSED.

Several days ago a young colored man named James Lucas was arrested at the instance of the father of an eighteen-year old colored girl named Artie Calloway charged with leading the latter astray under promised of marriage. The examination of the case was fixed for this morning in the Police Court. After hearing the evidence of the girl and her father and mother, Justice Caton dismissed Lucas.

Balloon Race.

St. Louis, Oct. 21.—The greatest international balloon race in history will begin here at 4 this afternoon. It will be great, not only from the character of the contestants, but from its possibilities. Most past aerial races have been held near large bodies of water. St. Louis's geographical position affords almost limitless possibilities for distance record breaking. The aeronauts expect to land somewhere on the Atlantic coast. Should they be carried over the great lakes, by any possibility, there will be no stops. The race is the second for the James Gordon Bennett Cup. Besides the James Gordon Bennett international aeronautic cup, first, second, third, fourth and fifth prizes are offered of $4,000, of $2,500; $750; $500 and $250. The race is for the greatest distance from starting to landing place.

AUTOMOBIL . FA . LITIES.

In an automobile accident at Pontiac, Mich., early yesterday, Harry Wood, aged forty, was killed, and Karl E. Smith, an automobile tester, suffered a broken right arm. Smith was driving home when Wood and three other men asked for a ride. Smith took them into his machine. While running about forty miles an hour, the automobile began skidding, and Wood, unaccustomed to riding in a machine, became frightened and grabbed the controller, swerving the machine into the ditch, where it hit a trolley pole. The other three men were uninjured.

King Alfonso had a narrow escape from a serious accident near Manresa, Spain, yesterday. In his automobile the king was going over a temporary bridge, when the light structure collapsed under the weight of the car, which was precipitated into the water. His majesty escaped with a wetting.

Gen. James G. Grindlay, an employe of the State comptroller's office, at Albany, N. Y., was killed by an automobile at Troy Saturday afternoon. The automobile was driven by C. A. Beckford, also of Albany, who was arrested.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much fear the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequaled for croup and whooping cough. For sale by Gibson & Timberman and W. F. Creighton & Co.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by all drug stores. 50c and $1.00. Trial bottle free.

FOOBALL FATALITIES.

Albert Flowers, aged sixteen, left guard of the Zanesville, Ohio, high school eleven, was almost instantly killed during the second half of Saturday's game with the freshmen team of Dennison University. The score was 11 to 0, in Dennison's favor, and the teams were in a scrimmage in midfield, in which Flowers was the central figure. He emerged from the scrimmage batter ed, but laughing, and in a minute or two was in another scrimmage. When the players resumed their positions Flowers fell unconscious. An ambulance was summoned, but before he could be removed to his home he was dead. Hospital surgeons said the injury was a fracture at the base of the brain.

W. O. Albrecht, twenty years old, died last night of injuries sustained in a football game in Chicago yesterday afternoon. Albrecht was playing right guard. While lining up after a scrimmage he fell unconscious. He was found to be suffering of cerebral hemorrhage, which caused his death a few hours later.

CRUEL TREATMENT OF STUDENT

That a student was tied to a tombstone at his brother's grave and then left exposed in a deserted place during a cold night are the allegations two Peoria, Ill., attorneys will endeavor to prove in court at Toulon, in the $30,000 damage suit of Charles Stoner against a number of students of the Bradford High School. It is alleged that on March 6 last Arthur Pilgrim, Earl Latimo, Earl Long, Earle Howe, R. A. Harwood, William Reel, and one Sharkey caught Stoner, a fifteen-year-old boy, and taking him to the Bradford (Ill.) cemetery, tied him to a tombstone over his brother's grave, gagged him and left the scene. Trying to free himself, Stoner, it is alleged, pulled the tombstone over on himself, breaking his legs and injuring him internally. He is now said to be a mental wreck. The parents of all the defendants are well-to-do, while Stoner's father is a laborer.
